Category A: Subnational Governments (SN)

IUCN REQUIREMENTS [IUCN Statutes Article (5); Regulations, Paragraph 4]

Subnational governments

- shall be organisations, institutions and, when applicable, government departments, which form part of the machinery of government in a State, including those agencies of the components of federal States or of States having an analogous structure.

- In addition, subnational governments, which are governmental entities at the state, provincial, local, territories or regional level that have been elected must have:
  - competences to adhere to the Statutes of IUCN;
  - effective decision-making authority in the field of conservation of nature; and/or
  - competences to provide for the equitable and ecologically sustainable use of natural resources

IUCN REQUIREMENTS [IUCN Statutes, Article 7]

The IUCN Council must determine that:

- the applicant shares and supports the objectives of IUCN;

- the applicant has as one of its central purposes the achievement of IUCN’s objectives and a substantial record of activity in the conservation of nature and natural resources; and

- the objectives and track record of the applicant* embody to a substantial extent:
  (i) the conservation of the integrity and diversity of nature; and, either or both:
  (ii) the aim to ensure that any use of natural resources is equitable and ecologically sustainable.
  (iii) dedication to influencing, encouraging, and assisting societies to meet the objectives of IUCN.

*These can take many forms, including field action, community involvement, research in the natural and social sciences, policy development, advocacy, legal activities, education and public awareness, and fundraising where these are for purposes in line with the mission of IUCN. While determining the relative importance of an activity is necessarily to some extent subjective, it is here considered that “substantial” can be assessed in terms of the applicant’s programme and projects, resource allocations, organisational structures and outputs.

- the applicant does not pursue objectives or carry out activities that conflict with the objectives or activities of IUCN.
